
旅遊及旅遊業

The background of the slide features a large, semi-circular fan. The fan's surface is decorated with a traditional Chinese landscape painting, likely a woodblock print, showing mountains, trees, and a body of water. The fan is positioned centrally, with its handle at the bottom. The overall color scheme is muted, with the fan's fabric appearing in shades of light green and yellow, and the painting in earthy tones. The title text is superimposed on the upper part of the fan.
